

Speciality Foods Trading

A Global Sourcing Partner

About

With over 50 years of experience, we have established ourselves as a leader in the export of food products, continuously expanding our markets and product portfolio.

Our selection includes fish, canned seafood, meat, chicken, and dairy products, ensuring quality and compliance with the highest international standards.

Today, we proudly export to more than 24 countries across all continents, fostering strong business relationships and delivering tailored solutions to meet market demands

Inspection

At SPECIALITY FOODS, we understand the challenges of the food industry. That's why we offer tailored solutions to ensure safe, high-quality deliveries worldwide.

We inspect every product during production, packing, and loading—guaranteeing safety, authenticity, and compliance with all regulations.

Our services include species identification and specialized testing to prevent food fraud and detect contaminants, giving you complete peace of mind.

With a global presence and local expertise, we're your trusted partner for reliable, compliant food sourcing.
